The amendment filed 7/21/04 is acknowledged.

Allowable Subject Matter

Claims 1-12,16-24 and 58-60 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose the combination of limitations that define the applicant's invention, and further, the applicant's remarks on pages 17-19 of the last amendment clarify the intended meaning of the claim's recitation of the input and output terminals such that those terminals are electric power terminals adapted to be fed with an electric power controlled by the semiconductor elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
